

April 15, 2020

Leaders of the Great Lakes Region of the Wesleyan Church,

Because of the planned attendance of Secure Search at the **2020 General Conference of The Wesleyan Church**, they are **'waiving their Account Activation Fee'**. This means there is No Cost for any Wesleyan Church to setup and activate a background screening account with us, and we have reduced the cost of background checks. Each Church will be able to process and access their own background checks as needed. AND YES...they will still honor this promotion even though 2020 General Conference has been postponed.

As it regards the Great Lakes Region specifically, these are the screening package recommendations:

- Michigan – (GLR uses the Protection (Multi/SSN/SO/Alias) Pkg for national search & sex offender checks; this does not include Michigan felony search so you should register with [ICHAT](#) for in depth MI search, no cost for non-profits.)
- Wisconsin – Protection Package
- Illinois – Confidence State or Protection Package

If you have an interest for this very important serve feel free to contact Bill with questions and for details of services and costs. We look forward to assisting the Great Lakes Region with this vital process.

Best regards,

Bill Farragut
